Executive Order 87-08

<https://www.digitalarchives.wa.gov/GovernorGregoire/execorders/eoarchive/eo87-08.htm>

Governor's Committee on Disability Issues and Employment

It is the public policy of this state to promote full participation and equal opportunity for all persons, including those of disability. (A person of disability means an individual who has physical, mental, or sensory characteristics such as those listed under the "handicapped person" definition in regulation [28 CFR 41.31\(b\)](#) for implementation of Section 504 of the Rehabilitation Act of 1973, as amended, PL 93- 112.) Yet, despite continued efforts and marked progress to achieve equity for the disability community, this social minority presently experiences one of the highest unemployment rates, has a disproportionate number of members living in poverty, and still cannot access most built structures or community activities. Although the disability minority in Washington numbers approximately 400,000 persons, it has a very low sense of group identity, and the abilities, capacities, interests, and concerns of persons of disability continue to be misunderstood or undervalued.

NOW, THEREFORE, I, Booth Gardner, Governor of Washington, do hereby reaffirm the establishment of and need for the Governor's Committee on Employment of the Handicapped, retitle it the Governor's Committee on Disability Issues and Employment, hereinafter referred to as the "Committee," reaffirm its administrative attachment to the Employment Security Department, and require the following:

1. The Committee, pursuant to this Executive Order, shall serve as a disability minority advocate. It shall identify for attention the issues and concerns pertaining to the rights and needs of all persons of disability and shall work to empower such individuals to take control over their own lives;
2. The Committee shall advise the Governor, Legislature, state agencies, the business community, organized labor, other public and private organizations, and the general public on disability issues and concerns, and make recommendations to address those concerns, with emphasis on increasing opportunities for independence and employment;
3. The Committee shall develop, conduct, and oversee the execution of policies, projects, activities, and other actions that will enhance access, opportunities, options, and equity for all persons of disability;
4. Annually, the Committee shall submit to the Governor a report with

recommendations which shall address disability issues such as the following: the status of public and private sector employment opportunities; program and physical access; legislative priorities; selected state agency budgets; economic and social status of the disability community; and an overall state government rehabilitation/disability services overview;

5. In carrying out its duties, the Committee may establish such relationships with state agencies, especially those that serve the disability community, local governments, private industry, educational institutions, labor, and other private organizations, as may be needed to promote equal opportunity for persons of disability;
6. Each state department and agency shall provide appropriate and reasonable assistance and resources to the Committee, so that the Committee may carry out the purposes of this Order. Also, the Committee may secure, directly from any department or agency of the state, information necessary to enable it to carry out the purpose of this Order;
7. The chairperson and the members of the Committee shall be appointed by the Governor, and;
 - (a) At least fifty percent of new members appointed after the effective date of this Order shall be persons of disability. Up to ten percent of the full Committee membership may be family members of persons of disability and/or advocates;
 - (b) The membership shall be selected so as to represent a wide variety of physical, mental, or sensory disability characteristics. Geography, occupation, sex, age, socioeconomic status, other minority membership, and diversity of viewpoints will also be considered in making appointments;
 - (c) Selected governmental leaders and advocates, necessary to enable the Committee to carry out the work of this Order, may participate on the Committee as non-voting associate members. The Governor shall appoint associate members; and
 - (d) The Committee may establish advisory, work, and study groups as necessary to carry out the work of this Order.

8. The Employment Security Department shall continue as the lead agency in providing fiscal and administrative support to the Committee, including;
 - (a) Seeking and securing additional support for the Committee from other state agencies; and
 - (b) Coordinating the fiscal and administrative support that all other agencies and sources provide to the Committee.
9. The Committee shall have the authority to accept support and assistance, or receive gifts, grants, endowments, or bequests, as may be made to or provided from state agencies or other public/private sources, for the use and benefit of the purposes of the Committee and to expend the same, or any income therefrom, according to attached terms.

IN WITNESS WHEREOF, I have
Hereunto set my hand and caused the
seal of the state of Washington to be
affixed at Olympia this 1st day of July,
A.D., nineteen hundred and eighty-
seven.

GCDE provides training and mentoring of other organizations who make such requests as time allows.

Community Input to GCDE

GCDE considers input and ideas from the community to shape our work.

- **Public comment:**

Members of the public may share their thoughts, ideas, and concerns during periods of public comment at GCDE General Membership meetings, committee meetings, or work group meetings. Public comments will not be addressed at the meeting where they are shared but may be explored for further action at the next meeting of the governing body with which the idea was shared. Individuals who share input via public comment periods generally will not receive any response to that feedback other than having their comments noted in the minutes of the meeting during which they made the comments.

- **Subcommittee Membership:**

Community members may join GCDE subcommittees work groups, or ad hoc groups. Community members have the same roles, responsibilities and voting rights as other subcommittee Members.

Voting Policy

The following is the voting policy for general Members, Associate Members, and Members Emeritus:

Members may vote at/in General Membership meetings and all subcommittees that they are a member of.

Associate Members may vote at:

1. Subcommittee meetings where they are a member of the subcommittee

Chairs Emeritus may vote at/in:

1. General Membership meetings; and
2. Subcommittee meetings where they are a member.

Voting Process

GCDE makes decisions two ways:

- At GCDE meetings, subcommittee meetings, work groups or other gatherings where GCDE business is conducted motions can be made and seconded and a formal vote conducted. This method includes a record of the person who makes the motion, the number of people who voted for the motion, the number who voted against a motion and the names of any people abstaining from the vote based on the information included in the abstention/conflict of interest section below. This type of vote is taken for matters where financial decisions are being made, such as funding for accessible communities projects;
- In some matters, where a vote is not required, a leader such as the GCDE Chair or subcommittee Chair may decide after gathering input. The leader will ask the group for input and will facilitate an informal discussion. To ensure everyone's input is obtained, the facilitator may ask each Member of the group to weigh in individually, so all Members have an opportunity to speak about the issue. Leaders make final decisions and report back to the group on final action.

Votes are conducted in public and recorded in minutes. Members or participants may abstain from a vote when they have a real or perceived conflict of interest. Generally, conflicts of interest exist when Members or their family member have a

personal or financial interest that could compromise their independent judgement in casting their vote. GCDE Members are expected to minimize conflicts of interest, disclose ethical, legal, financial or other conflicts and remove themselves from the related decision making and vote if a conflict of interest or appearance of a conflict of interest exists. For example: a person who lives in a particular County removes themselves from decision making on a project that benefits that County. Minutes record the person's name and their abstention.

Quorum

Quorum consists of a simple majority of the General Membership, Coordinating Committee, subcommittee, work group, or other group, respectively. Simple majority consists of 50% of the membership of that group, plus 1. In matters of policy and ways of conducting business, GCDE values hearing varying perspectives and coming to a common understanding. Therefore, allowing an adequate amount of time to discuss matters so that each Member may share their thoughts is important prior to a vote. GCDE staff shall maintain record of membership for General Membership, subcommittees, workgroups, and other groups so that quorum can be established prior to votes. Votes are only taken when quorum is established.

Meeting Minutes

GCDE takes meeting minutes in any meeting where decisions are made. Notes or minutes will record any decisions that are made by GCDE general membership, coordinating committee, subcommittees, work groups, or other groups assembling to conduct the business of GCDE. These meeting minutes will be available to the public via the GCDE website.

The results of votes will be recorded in the minutes or meeting notes, which shall include a record of a motion that describes what the group is voting on, a second to the motion, and a record of the number of Members voting in favor, voting against, and abstaining.

For example:

Motion by Juan to approve the minutes. Seconded and passed unanimously. Or Motion to approve funding for Hope County ramp proposal, seconded and passed with 10 in favor, 3 against, and 1 abstention by Marie who lives in Hope County.

In votes that take place via email or online polling, a complete list of those who were asked to vote will be included with their vote in the minutes. GCDE does not conduct any votes by secret ballot.

Open Public Meetings

Membership in the Governor’s Committee on Disability Issues and Employment requires a recognition that the needs of the public are the top GCDE priority. GCDE exists to conduct the business of the public and operates in accordance with the [Open Public Meetings Act RCW 42.30.010 et seq.](#) As such, members of the public may attend GCDE meetings and observe. During a period of open public comment, members of the public can provide input. GCDE Members must complete training on OPMA prior to serving, and periodically thereafter. Training on OPMA and other related guidance for those serving as Members is found on the Governor’s Boards and Commissions website: <https://www.governor.wa.gov/boards-commissions>.

Training includes:

- Being an Effective Board or Commission Member;
- Ethics in Government-A reminder of what is expected of you as a Board or Commission Member;
- Records Management: Public Officials and Public Records;
- Public Records Act Overview;
- Public Records Act quick reference guide; and
- Q&A regarding the Open Public Meeting Act.

Non-Participation Process

Policy

GCDE Members are expected to participate fully in GCDE activities, including consistent attendance at the General Membership meetings, and actively serve on subcommittees. If a member is not fully participating, the GCDE Chairperson will talk to the Member and create a plan to increase participation. If the Member is unable to fully participate, that Member may be asked to resign.

Process

- Subcommittee Chairs contact new subcommittee Members to welcome them, get acquainted, and review the expectations of the subcommittee;
- With the help of GCDE staff, the subcommittee Chairs are the first point of intervention with a non-participating Member; and
- Support staff maintain an attendance records of each subcommittee meeting, to be shared with the subcommittee Chair.

When a member misses meetings without advance notice and has not participated in subcommittee work, the subcommittee Chair will contact the Member to find out what is interfering with their participation. The subcommittee Chair will develop a plan with the Member to increase participation, with a timeline. If the Member continues to miss meetings and/or fails to participate in agreed upon subcommittee work assignments, the subcommittee Chair may contact the GCDE Chairperson to review the situation and decide next steps.

Subcommittees

If the Member does not increase participation after working with the subcommittee Chair, the GCDE Chairperson shall be informed and will contact the Member, in writing, asking if they want to remain a GCDE Member. The GCDE Chair will agree with the Member on a timeline for improvement in participation, or on resignation by a specific date, and will confirm these agreements to the Member in writing.

General Membership Meeting Participation

- The GCDE Chairperson intervenes when Members do not attend the General Membership Meetings; and
- Staff will give the GCDE Chairperson a list of Members who did not attend General Membership meetings and did not communicate about their absence in advance. The Chairperson will follow-up with a call to those Member(s).

GCDE Member Resignation Process

Gubernatorial appointees to a committee, board, or commission must submit a formal resignation letter to the Governor's Office. A copy must also be sent to the GCDE Executive Director.

The resignation must include the GCDE Member's name and address, note that they are a Member of GCDE, and indicate the date the resignation is effective. The resignation may be submitted electronically [here](#).

Travel Reimbursement Policy and Procedure

The GCDE Travel Reimbursement Policy is approved by the Office of Financial Management (OFM) and is outlined below with supplemental procedures pursuant to GCDE and consistent with OFM state travel policy, "General Administration Travel Regulations for Class 1 Boards, Commissions and Committees." See [Section 10.7.0.](#)

Members of the Governor's Committee on Disability Issues and Employment (GCDE) give thousands of volunteer hours to the state of Washington each year. This expertise and energy impacts issues of equity in the disability community and has significant value to the state. GCDE manages the limited Member travel funds to promote the highest level of participation in GCDE activities.

Eligibility

This travel policy pertains to GCDE Members and Members Emeritus. Associate Members are not compensated through travel reimbursement by GCDE for participation in GCDE activities. Associate Members must seek an exception to receive travel reimbursement from GCDE, or request reimbursement from their employer for expenses incurred on GCDE business (if approved).

Employment Status

Members and Members Emeritus who are employees of the state of Washington or of other governmental entities, shall not receive per diem payment from GCDE nor accrue hours toward the GCDE per diem payment threshold for time during which they are also paid, or granted compensatory leave, by their employer.

Official Participation

This travel policy pertains only to official participation in GCDE related activities. Attendance at GCDE General Membership Meetings is official participation for all GCDE Members and Members Emeritus. For the purposes of this travel policy, participation in any other GCDE related activity is "official" only for Members or Members Emeritus who are appointed to participate in that activity or subcommittee by the GCDE Chairperson.

Allowable Costs

Members are to exercise prudent judgment in incurring travel expenses on official state business. Excessive or unnecessary expenses will not be approved or reimbursed.

Airfare

In compliance with state regulations, GCDE Staff makes all airline travel arrangements. GCDE will cover the full cost of the most reasonable and available economy class air travel between the proximate commercial airports for the Member's city of residence/business and the city in which the GCDE related activity is conducted.

Members are responsible for contacting designated GCDE Staff for ticket arrangements and airline reservations at least fifteen (15) days in advance of the date of travel to ensure seating availability.

Supplemental Procedures

- **Diversion for Personal Trips:** This may be done for the personal convenience of Members in cooperation with staff; however, Members must pay any additional cost. Members cannot bill the additional cost to the GCDE for reimbursement later;
- **Changes in Ticket Arrangements:** If a member's ticket needs to be changed, contact the designated GCDE staff person for assistance as soon as possible;
- **Cancellations:** If need to cancel your airline reservations, contact the designated GCDE staff person as soon as possible;
- **Contingency Situations:** Situations may arise during air travel that are unpredictable. Flights may be delayed, diverted to other airports, or be grounded for a variety of reasons; and travel plans may change unexpectedly due to inclement weather. Members must use their own judgment in dealing with these situations. GCDE will reimburse Members for reasonable costs, not paid by airlines, if they become stranded and must cancel their trip, find alternate means of travel, stay overnight, etc. Documentation and receipts of all expenses are required. Contact staff as soon as possible to work out the best way to resolve these issues.

Privately Owned Vehicles

Eligible Members who travel to and from committee meetings or business in their own vehicles can be reimbursed for mileage at the current state- approved rate (subject to change each January). Mileage between points in the state shall be

determined based on distances shown on the Travel & Expense Management System (TEMS) or on Google Maps.

Supplemental Procedures cont.

Alternative Travel: Members may choose to travel in their own vehicles or by other means such as bus or rail, instead of traveling by air. Reimbursement will be made for what would have been the least expensive mode of travel, including the time involved for travel when calculating per diem reimbursement. Please explain alternative travel methods you used on the GCDE Travel Information Form when requesting travel reimbursement. Reimbursement amounts will be adjusted based on the information you have provided.

Other Transportation

Reimbursement will be made for tourist class rates on other common carriers used to travel between airports or other points of arrival and the location of the GCDE related activity. For reimbursement of these expenses, original receipts must be provided.

Miscellaneous Expenses

Expenses essential to the transaction of GCDE business are reimbursable. These expenses include taxi fares, ride share services, parking fees, car rental and gas, bridge and ferry tolls, registration fees, fares for buses, railroads, or other common carriers used to travel between airports or other points of arrival and the meeting place. Receipts are required for expense reimbursement.

Reasonable Accommodations

All travel-related requests for reasonable accommodations must be approved in advance by the GCDE Chairperson and Executive Director. Requests must be in writing and on file for audit purposes.

Overnight Lodging

Reimbursement for overnight lodging is covered by the per diem allowance. Eligible Members should request government rates when making hotel reservations.

Reservations: Members make their own reservations for overnight stays for GCDE meetings and activities.

Reimbursable Rates: Members will be reimbursed for overnight lodging at the actual rate. This cannot exceed the government rate for that area, not including tax. Some exceptions may be made, but these exceptions must be approved in advance by the GCDE

Chairperson and Executive Director.

Per Diem Allowances

The eligibility threshold for per diem payment is eleven (11) uninterrupted hours (including travel time) of official participation in GCDE activities. Travel time, for purposes of the threshold calculation, is limited to the travel mode that provides the minimum travel time (i.e., air versus auto). The eleven hours threshold time is included in the payable hours when calculating the dollar amount of a Member's per diem eligibility. Members are reimbursed allowable meal and lodging expenses on the same basis, and under the same regulations, as regular state officials and employees, unless otherwise provided in statute. Reimbursement requires prior written approval from an authorized designee.

*Please note - A hotel breakfast does not count as a meal unless you can order to your specification.

Travelers who cannot eat a provided meal may request an alternative meal (vegetarian, etc.). If the traveler receives written confirmation that an alternative meal cannot be provided, the traveler may be reimbursed for the meal allowance for the area of travel.

Costs that are not allowable

These items may not be charged as travel expenses:

- Taxi, bus fare, car rental costs, and other transportation costs incurred to places of entertainment after business is concluded (excluding meals). Personal trip insurance; and
- Personal diversion flights.

Exceptions

It is important that GCDE maintain broad representation by providing all Members, regardless of geographic location, disability characteristic and socioeconomic status, with opportunities to participate in GCDE activities. Therefore, GCDE Members, Members Emeritus, or Associate Members who believe that travel creates an undue barrier to participation may request reimbursement in writing to participate in a specific GCDE activity. Reimbursement must be approved in writing by the GCDE Chairperson and the Executive Director prior to travel.

The GCDE Chairperson and Executive Director, acting jointly, may grant an exception to this travel policy, provided that the reimbursement is within the parameters established by the Office of Financial Management's "General

Administration Travel Regulations for Class 1 Boards, Commissions and Committees" (10.70.20b, Option 2). **Any written request will also be responded to in writing.**

Appeals

GCDE Members, Members Emeritus and Associate Members who wish to appeal an exception decision may request a review in writing to the GCDE Coordinating Committee within 30 days of receipt of notice. By a majority vote of its Members, the Coordinating Committee may:

- Concur with the decision of the GCDE Chairperson and Executive Director;
- Refer the request back to the Chairperson and Executive Director with a recommendation to reconsider; or
- Grant an exception to the travel policy, provided that the reimbursement which the Member receives because of that exception is within the parameters established by the Office of Financial Management's "General Administration Travel Regulations for Class 1 Boards, Commissions and Committees" (10.70.20b, Option 2).
