ADDITIONAL COMMENTS

The State of Washington has increased outreach collaboration with one-stop system partners. Attended more partnership meetings to include Rapid Response, WIOA, Business Services, and TRA staff as well as one-stop system leadership and training providers. At these meetings, spoke about the TAA Program and how the program is still available to workers certified for TAA under previous petitions and the TAA benefits still available to these workers. Shared that there are new WARN notices indicating employer layoffs and that there may be formerly certified eligible workers that are being laid off from these employers. This resulted in increased program enrollments as partners are referring formerly TAA petition certified workers to TAA case managers who are enrolling these workers into TAA. For FY24Q1, there were 17 new TAA program enrollments.
